**VSI CRUSHER :** Rotor Tips, Turbo Rotor tis, Rotor Top Cover, Turbo Rotor Tip Cover, Back Up Tip Set, Main Shaft, Distributor Plate, Cavity Wear Plate, Lower / Upper Wear Plate, Feed Tube, Trail Plate, Taper Lock Upper & Lower, Feed Eye Ring, Lipped Top Wear Plate, Rotor Tip Bolts, Back up tip long & short, Feed Tube Location Plate, VSI Damper & bolt, Rotor Repair Work, Etc.

**HIS CRUSHER :** Blow Bar, Impact Bar, Wear Plate, Side Liner, Grinding Bar, Tie Rod, Nut & Bolt, Etc.

**GRIZZLY :** Grizzly feeder, Grizzly feeder spring, Rubber Beading, Conveyor Belt, Etc.

**BATCHING PLANT :** Shovels, Wear Plate, Mixing Arm, Lateral Blade, Bottom Liners, External Tiles, Internal & Upper Tiles, Stripper, Discharge Door Cover & Ledge, Side Arm, Central Arm, Side Liner, Main Shaft, Central Mixing Arm, Splined Shaft, Spacer, Gate Plate, Side wear plate for Discharge Gate, Etc.

**CONCRETE PUMP :** Concrete Pump End Hose, Shell, Bushing, Pipe Bend, Reducer Pipe, Delivery Pipe Clamp, Flange Shaft, Cylinder Rod, Cup Tension Clamp, Hydraulic Cylinder, Delivery Cylinder Tube, Hydraulic Cylinder Tube, Plunger Cylinder, Etc.

# BMC ENGINEERING SOLUTION

## ABOUT US

**BMC ENGINEERING SOLUTION**, is a leading Engineering Company in the field of manufacturing Qualitative compatible Crusher Parts for all branded Crusher Machines.

BMCES is registered with MSME as a SSI Unit. It started in the year 2024 with necessary infrastructure to fulfill the upcoming requirement from Crusher Units. BMCES is an ISO Certified Company and follow up the rules and regulations of ISO, to keep the quality in superior in the crusher field. Our technically experienced persons are looking after its quality, design and development as well as final finished products. We have in house facilities for Casting, Machine Shop, Testing, Heat Treatment etc., which are under the super vision of Qualified Staffs.
